Some activities in FORR® may be restricted due to age, insurance, federal, state, or local regulations.

## Why Should I Join FORR®?

Through FORR®'s monthly publication, The Freedom Press, and our website at www.forr.net you will have access to information regarding motorcycle safety, upcoming events, pending legislation and a role in making a change in the way the public and our legislators view motorcyclists.

A legislative coordinator that is KNOWN in the State Capitol will represent you. You will be informed about the activities of a group that includes thousands of motorcyclists throughout the State, many with interests similar with your own.

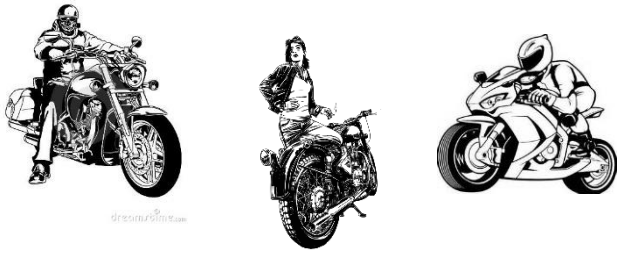

You will be personally involved in insuring the future of motorcycling.

# Freedom of Road Riders®

# Missouri's Largest Motorcyclists' Rights Organization

**The main purpose of this organization is to guard the rights of all motorcyclists; to keep them informed of laws that will help or hinder them as motorcyclists; to promote safety, rider education, brotherhood, and freedom for all motorcyclists.**

## What is:
## Freedom of Road Riders®?

Freedom of Road Riders®, (FORR®) is a not-for-profit organization dedicated to promoting safety, motorcycle awareness, rider education, brotherhood, and freedom for all motorcyclists.

FORR® is different from most motorcycle organizations in that anyone who rides ANY motorcycle or who supports our freedom to ride without riding themselves can join. So regardless of whether you ride a Harley or Honda, a moped, dirt bike or drive an automobile, if you love motorcycling or would like to support the right to ride, you belong in Freedom of Road Riders®.

Since its inception, Freedom of Road Riders®, has had an impact on motorcycling in Missouri. Some of the issues FORR® has been involved in include:

- 2006 - The enactment of “Clutches Law” a measure that increased penalties for failure to yield right-of-way at intersections. Protecting motorcyclists in intersections.
- 2009 - passed legislation to disallow insurance companies to use Comparative Fault to pay less damages because you choose to ride a motorcycle.
- 2010 - Stunt riding bill. Killing the language which could have loosely defined motorcycle stunt riding as a crime and punishable in accordance with Missouri Law.
- 2013 - FORR® supported a law that prohibits motorcycle only traffic checkpoints in the state of Missouri. These checkpoints would create the opportunity for blatant harassment of motorcyclists in this state.
- 2020 - the helmet law was repealed in Missouri for riders over the age of 26 with health insurance.

Freedom of Choice

## Why are SMRO’s important?

Individually, motorcyclists may have a small impact on the legislative and regulatory actions described here, but collectively motorcyclists who take part in an organized Motorcyclists Rights Organization have greater strength. In Missouri, the organization that guards the rights of motorcyclists is Freedom of Road Riders®.
