16 December Local 6 had our Christmas Party, there were 30 members present. Great food and good friends, a great time was had by all. Thank you to the VFW Post 6760 for letting us use their meeting room, we really appreciated the hospitality.

17 December we had our monthly meeting with 16 members present, the next meeting will be 21 January, hope to see all your smiling faces there.

18 December 2 Members of the local joined up with the NE Marine Corps League to participate in Honor Guard for a fallen Veteran.

30 December 2 members from the local joined up with the Marine Corps League to participate in Honor Guard for a fallen Veteran at Memorial Park in St. Joe. (See photo)

Hope everyone had a great Christmas with family and friends. And hope you all had a safe New Year. And may the best to come to all in the following year.

One more thing before I end my rant, remember Nebraska has now gone to a no helmet state. But you need to look at the states restrictions on this to be able to ride helmet free.

Let's wish a happy birthday to Nancy Campbell-Riser Frederes on the 30th.

On February 8th, Robert and Brandy Elliott will be celebrating their anniversary, congratulations to them.

Also want to wish everyone a great Valentine's Day. Ladies, if you want dinner, roses and chocolate. Be sure to have some bike parts for your guy. Guys, want a special day? Buy your lady a bike of her own or some really awesome gear. Just sayin!

Till next time,

Christine

Hello Local 11

January is now over, and we have once again celebrated the New Year in our traditional ways. The New Year's party was a blast with lots of shenanigans. That always makes it fun. This year the tables were turned a little. Our usual trickster got pranked. Which made it even a little bit interesting this year.

As well as we celebrated with our annual first ride of the year on Jan 1. It was cold and not as many as we would have liked to join. But it was a pretty good 21 miles in 32 degree weather. But at the end of it all we came together like the family we are. Lots of laughter in the company of each other.

So much is in the works for the local this year. We are starting the year off with a Hog giveaway. This time we are changing things up a little. One ticket gets you two chances at half a processed hog. Each ticket is \$5. Plan to draw the winner at our July food drive. Just contact a local member for a chance to win.

Lots of events are in the works with tentative dates. Feb 24th Local 11 40th Anniversary party, which is a time to celebrate the local and will be open to the public with no cost. Lots of fun activities

April 27 Local Bike Show and Swap meet has been changed to the spring- time this year.

July 6th Christmas in July Food Drive to support Souls Harbor food pantry. This event we will also be drawing the tickets for the hog giveaway.

October 26 Local 11 Halloween Bash is coming back for another round of fun.

November 2 Annual Food Drive and Toy Run for Souls Harbor.

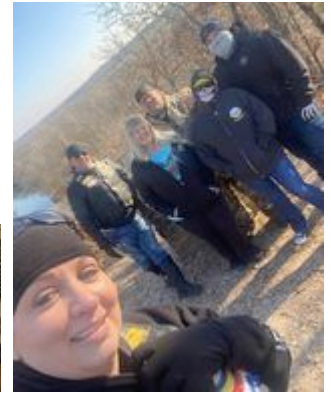

We will also be offering a limited time Local 11 40th Anniversary patch at events while supplies last. As well as for any of you that have been around throughout the years. We are bringing back a new version of an old patch. The famous "I partied with Local 11 patch. With the key word "survivor" added. These patches will be available by request and at events with us for \$5.00 each.

With all that is in the works we are looking forward to time in the summer months to ride and have fun together on the road making memories with all of the local members. If you have not been able to be around much. Know that we all understand and hope that you can make it to hang out with us sooner than later. Know that you're always welcome anytime. To keep in the loop of events and meetings. Read your monthly Freedom Press, check out the Local facebook page listed in the header, or contact a member. February's Local meeting will be Feb 25th at 1pm at the Eagles lodge in Joplin. All are welcome!

With that in January Freedom press I missed thanking Kevin Cahalan for his support of the Local as 2023 Stg at arms. Kevin did an amazing job keeping people informed and leading by example. Just enough that he is giving it a go again as our 2024 Stg at Arms.

I'll stop pulling your ear for now and hope that our paths cross along our adventures in the passing year.

Much love to all of you,

Hey Local 12: Our last meeting was held at Kbar at our Christmas party. Jay and I were unable to attend due to illness but have been told the party was a good time.

It was decided at the meeting that our officers will remain the same for 2024. With the exceptions that Brenda Williams will be our new CC rep and Todd Jenkins will be the alternate. This is due to the fact that Jim Fitzsimmonds has been installed as the Vice Chair of FORR, central committee. Way to go Jim!

We're not sure where the Feb. meeting will be held. At the Jan. meeting we are going to vote on a change as to where and when meetings will be held...check facebook for details. Not a lot of riding going on because of the cold but I'm happy to say that several Local 12 members will be attending Yeager's New Years Day ride. Bundle up folks. That's a great way to start the year.

Here we are again in the cycle of not much happening, and then a whole lot going on - seemingly one thing after another, and then back to not much going on. The ebb & flow of activities in Local 16 resembles the ocean so realistically, that it feels that we are currently in a tide pool. It's calm - almost tranquil. But just as the grass lies dormant and affords us some time to relax, in the back of your mind you know that the cycle is always in motion.

The Broomstick Pool Tournament at JR's in Cape is tentatively scheduled for February 3rd - Call to verify if you are thinking about participating.

No hard date for the Broomstick Pool Tournament at the 505 Club in Perryville at this time.

The next meeting will be held on our regularly scheduled 7pm, 4th Friday of the month at The West End Tavern in Frohna.

Greetings. "Happy new year, first of all... If we can make it through this summer." - Jimi Hendrix New Year's Eve, 1969/1970 @ The Fillmore East. We at LOCAL 24 wish you all a happy, prosperous and safe 2024. My advice? Stay out of the cities and avoid hanging around landmarks. (KA-BOOM) We had a wonderful Christmas party at the American Legion Hall in Creve Coeur. There may be more news along those lines soon. (teaser) We played rob your neighbor and just had a great time together. A good time with good people, good food, good cause. I'm uploading some fun pics from our party... LOCAL 24, we're just zany. I've been told by the upper echelon at 24 that if I don't start promoting the annual BLESSING OF THE BIKES starting at the first of the year that I will be spanked with a belt at the following meeting. So, in order to avoid such public humiliation, here goes...

On Sunday, April 21st, rain date - April 28th, LOCAL 24 holds it's BLESSING OF THE BIKES! NOON AT THE V.F.W. HALL 6327 LEMAY FERRY RD. STL, MO 63129 Fun! Food! God! Get your bike blessed and have a delicious hot dog or hamburger, wash it down with the beverage of your choice and leave knowing that you and your scooter have God on your side when an idiot turns left in front of you. D.J. Food. Fellowship. Always a good time. BE THERE!

It's Friday, January 5th, 12:09 PM 38 degrees. I rode my bike to get here at Terra's work to write this. Yes, it's true. Terra and I don't have internet or cable/satellite television in our home. It's wonderful. One may ask, "No internet or cable? What the hell do you guys do?" Answer is we actually talk to each other, watch movies, (good ones) listen to and play music... Things like that... Anyway, I rode my bike to get here. Its not that bad out there if you dress for it. Heated grips help too. I didn't see anyone else riding so far. I'm 61. I'm definitely not as hardcore as I used to be. But I was surprised that I didn't see anyone else riding so far... Sorry, no Tales From The Road this month.

In this new year, let's hope for a generally better situation coming. Let's do what we can do on a personal level to try to ensure that. Stay strong. Be aware. Question EVERYTHING. Hold your head high. VOTE. Be proud. Help your friends. Let's all stick together.

UNITED WE STAND! DIVIDED? YOU DON'T WANNA KNOW. TCLOCK YER BIKE. WATCH OUT FOR CELL PHONE LOVING IDIOTS THAT ARE ALSO DRIVING. HELP YOUR BROTHERS AND SISTERS.

*- date may change to the 7th due to date of the Boogie. That discussion got sidetracked. Imagine that?! LOL!!

We had 2 members renew, Thanks!! to Glenn and Sherri Haury!!

We have decided to decide our upcoming events in January, so more on that. We will try to keep you updated either by FB or telegram, or thru this newsletter. Lynn asked that as we decide what and when we are going to have events that we keep Hartbauer McBride in consideration as a recipient of the funds from an event. They greatly appreciate any and all help we can give them.

We talked about having more rides next year, like maybe a dinner ride, and maybe riding before or after the meetings, or even riding together just for the fun of it!!!! Make the things you can and don't sweat the ones you can't. We know not everyone can make all of the events. We tabled the motion to move our meetings to another location until we can find a few options to vote on, so with that being said try going to a new bar and seeing if they have room, time, availability, and or desire to let us have our meetings there. SCMH has been very good to us and continues to do so but we might want to find somewhere more centrally located, since we do have members all over the county and even some in other counties. More to be discussed on that next meeting.

The incentive name that was drawn has been drawn the most of any name in our local, but this time he was not there to receive his spoils, so the money goes in the pot for next month. Sorry Kirby!! Hope all is going good with you, we haven't seen you in a while.

Not much else to say, ok that's a lie, but not much else to report from the meeting. LOL So until next time, be safe and take care!!

Later, *Emily*

Happy belated New Year everyone! I hope you all had a great Christmas! My name is Shelly. I'm your new local newsletter editor. At our December meeting we welcomed Doug Hilburn, Gregg Robison, and Julie Robison from local 14. They came to capture our flag for the contest. Thank you all again for coming.

We held the elections for the 2024 officer's cabinet. The results are as follows: President / Vice President - Nancy Martin; Secretary - Shelly Bryan; Treasurer - Don Grubb; Membership Secretary - Donna Duyck; District 4 Activities - Jim and Donna Duyck; CC Representative - Don will continue as CC Rep Pro-Tem while Jim and Donna are away; Legislative - Jim and Donna Duyck; Newsletter Editor - Shelly Bryan; Sgt At Arms - we all are; Safety Officer - Nancy Martin; Product Line Manager - Shelly Bryan; Historian - We All Are.

Many of you already know that our meeting place has closed for business, so we are in search of a new place. If you have any suggestions, come to the meeting, let's discuss it, otherwise, stay tuned to local 29's page for information on the temporary meeting place each month until we find a new one.

We have exciting plans in the works possibly for June. We will also be holding a statewide giveaway very soon of a nice set of pool cues, and a case. Stay tuned for all the details or better yet come to the next meeting, we still meet on the 3rd Sunday of each month at 2 PM.

In closing, I'd like to say that I will do my best to represent this local each month in the newsletter so if there's anything you'd like to have mentioned pertaining to the local, members, and/or the organization as a whole just let me know before the 5th of each month. My email address is shellyrb1964@yahoo.com.

The membership incentive for December was won by Nancy Demoss who was absent, so it goes back into the pot.

Until next month keep your rubber side down and watch out for leaves on the roadways.

See ya along the way.

HELLO BIKERS

As I sit here typing this letter, it's snowing it's a## off! They are forecasting a lot in the next couple of days. I hope that the weatherman is all wrong in his thinking of what is in our future.

The Local had it's meeting at Dino's Diner - eat at 6 and meet at 7. This is always on the first Thursday of the month, of course this is in the evening. It is our Anniversary of becoming a Local in this Great Organization, January 2002, the Local is now 22 years old. I guess that would make the Local a Life member now. LOL!

It was discussed that we would have an anniversary dinner on February 3rd at McCorkels at 6 pm. The food at Dino's is good but they don't have any cocktails to help a person's mind. Anyone is welcome to attend. This will also be our February meeting, so killing two birds with one stone, if you want to look at it that way.

Still not a lot happening with the Local, but there was discussion of getting something going this spring so we can have some money in the bank.

The Local was able to collect 250 dollars for the TOYS FOR TOTS of Cameron, Tammy who manages it was very appreciative of our donation.

This letter has come to the end, so RIDE SAFE and RIDE FREE,

So till later,

Hello Friends,

I hope you all are off to a wonderful start of the year. Things in my end of the world are going well. I am happy to announce that I made it thru the holidays. Santa came and the kiddos got way more than they needed. Now it's birthday month in our house. So off to a good start.

December 5, 2023 Local 42 suffered a devastating loss when our dear friend Dana Adams passed away. She was a very important piece of our local. Dana meant so much to each and everyone of us. Please keep Dana's Fiance and our friend in your thoughts and prayers. Mikey, we are so glad you and Dana joined local 42 all of those years ago. We love you both so much and we will all miss Dana tremendously.

Our new officers are all getting comfortable in their spots. LaDonna is continuing to be our President. Lisa has taken the seat for Vice and Rick has stepped up to be our CC. Thank you to each of you for the spots that you hold. Each spot is so very important and we couldn't do what we do without each of you.

Local 42 Can't wait to see all of you guys at the FEW. We have a great time every year and we figure this year will be no different.

Until next time,

Jess

Hey all you Freedom Lovers,

Our first event for the new year is the District 4 Crockpot Cookoff. You should be getting this issue just before the event on January 27th at the Wellington Community Fair Building. This is our Legislative Fund's only fund raiser so we need all the participation we can get. The flyer was on the back cover of the January Freedom Press. We will be playing lots of fun games like the ever popular "Hammer Game", LRC (left-right-center) so bring at least three \$1 bills, maybe some "Spoons" and of course what would a Fund Raiser be without "Biker Bingo". We will also be eating lots of really good food. Have you ever been to a FORR event where you went away hungry? I don't think I ever have. Make sure to bring what you want to drink because it's a BYOB event. So come help "PROMOTE BROTHERHOOD" and look for some cool giveaways there also.

Next up is Lincoln Days at the Hilton Kansas City Airport, 8801 NW 112th St KCMO 64153 on February 16th & 17th. We will need lots of volunteers to man our hospitality room, donate finger food and alcohol, and "GUARD THE RIGHTS OF ALL MOTORCYCLISTS" by keeping them informed of laws that will help or hinder them. If you're local wants to help by donating money, booze, or time, please let your District Rep know. There is lots of crazy stuff our wonderful government is trying to shove down our throats and if we aren't careful there won't be any more ICE's (Internal Combustion Engines) allowed and if there are you won't have the "FREEDOM" to work on them yourself or make any modifications. This is some scary shit people that we need to be very watchful on.

Help to "PROMOTE SAFETY" by taking the time this winter to go over your ride and replace worn parts and make sure everything is working as it should. Help to "PROMOTE RIDER EDUCATION" by signing up for a rider's safety course this spring to improve your riding skills or pay for a new rider to take a course.

As I always say 'Keep Pushin On'

JANUARY CC LEGISLATIVE REPORT

Lincoln Days will be February 16 & 17 at the Hilton at the Kansas City Airport, 8801 NW 112th St., Kansas City, MO 64153. We will need finger foods, alcohol, hand outs, etc. Need all the support we can get and not sure yet if we will be there Friday or Saturday or both.

Legislation we are looking at so far this year:

- HB 1618, Rep. Brian Seitz, Right to Repair
- HB 1688, Rep. Roger Reedy, Driver's Education required in High School
- HB 1887, Rep. Lisa Thomas, modifies provisions to Temporary M/C permits, Changes the maximum CC's from 250 to 300
- HB 2032, Rep. Doug Mann, Lane filtering
- HB 2041, Rep. Emily Weber, Right to Repair
- HB 2076, Kyle Marquart, modifies provisions relating to requirements for certain off-road vehicles (UTV's), adds fiscal responsibility (insurance)

I have not run across any legislation that will hinder us as motorcyclists or set us back, but I am always on the lookout for any that could. While I am on that subject, I can tell you that the Helmet law is back on MoDOT's radar. Although there has been no legislation filed yet they can always try and sneak something in during session. Session just started this past Wednesday, January 3rd, so things are just getting started. Deanna has legislation that she is looking at that will hopefully benefit our veteran's and other subjects that she believes are important for all of us. We are also still working to change the lighting law on motorcycle's that would allow colored lights as long as they remain solid during travel.

Is Green the New Gray Area?

By Mark Buckner

Executive Director – Motorcycle Riders Foundation

For as long as I can remember – which is getting to be a LONG time! – those of us who love riding motorcycles and have devoted a large part of our lives to preserving and protecting our way of life have been telling anyone who would listen that the enemies of motorcycling don't just want to pass more and more restrictive laws where we're concerned. Their ultimate goal is to get us off the road entirely. A prime example of this is the recent push to outlaw internal combustion engines, just one of the issues the Motorcycle Riders Foundation and our partners in the state motorcyclists' rights organizations and the motorcycle aftermarket are fighting head on.

So why are internal combustion engines under attack? The Biden administration is calling for one in two new cars sold in the 2030s to be fully electric. Federal incentives intended to prop up 'green' proposals have been pushed through Congress. In some states, these initiatives have become all the rage, calling for the elimination of all internal combustion engines and the end of fossil fuels as an energy source. California's plan to ban all internal combustion engines by 2035 is the most obvious of these, while similar plans have been launched around the country and the world. On the surface, that might sound bleak for those of us who love our gasoline-powered bikes, cars, trucks, and boats, but there may be good news on the horizon. As more research is coming to light from a feasibility, a financial, and an environmental perspective, initiatives targeting zero greenhouse gas emissions are being reexamined.

The Connecticut state legislature, like their counterparts in California, initially targeted the elimination of internal combustion engines by 2035, but has now decided to pump the brakes, killing Senate Bill 1145 which would have set unattainable greenhouse gas emission goals. Part of that bill would have penalized non-compliant parties up to \$25,000 PER DAY for not meeting stated objectives, labeling the penalties as a 'tax'. Other uncoordinated decarbonization 'roadmap bills' are still being considered in Connecticut, but the all-out push to join states like Massachusetts, California, and others is on the decline.

Ohio is pushing back as well. Their state legislature recently passed House Bill 201, signed into law by Governor Mike DeWine. HB 201 prohibits state agencies, counties, or townships in Ohio "from restricting the sale or use of a motor vehicle based on the energy source used to power the motor vehicle." It also specifically prohibits a state agency from adopting the California emissions standards for motor vehicles. ABATE of Ohio played a major role in getting this law on the books. In northern Europe, Norway, which had targeted zero greenhouse gas emissions by 2030, is likewise backing off on its plan as its feasibility becomes less certain.

None of this is to say that we shouldn't be concerned about pollution. We absolutely need to address these issues, especially in our major cities. But the outright elimination of vehicles powered by fossil fuels is not the answer.

Regarding the general public's opinion on an all-electric solution, many people are less than enthusiastic about moving away from gasoline-powered alternatives. According to the Sierra Club, in 2022 66% of car dealerships did not have an electric vehicle for sale. We can only assume that's because there was no market for them. Today, thousands of car dealerships around the country are pushing back on the Biden plan, saying they can't sell the electric vehicles they already have in stock. Car manufacturers are backing off as well, curtailing production of new EVs. Why is that?

First and foremost, electric vehicles are expensive. Some studies suggest that people who can afford to buy all-electric cars represent a finite group, and that many of those consumers have already purchased an EV car or truck, meaning the available pool of buyers is shrinking. Also problematic is that due in large part to the high cost of battery replacement, there is a very small market for used electric vehicles. Basically, no one wants to buy them knowing that a big repair bill is headed their way. While battery technology will likely improve in coming years, as of today that technology and questions about the cost of building a sufficient charging infrastructure are major concerns for consumers.

VEHICLE VS MOTORCYCLE

SAFETY FEATURES

Most of what comes standard on the best-selling vehicles in America is missing on motorcycles. That's why it's so important for all drivers to help keep motorcyclists out of crashes.

Freedom of Road Riders®, (FORR®) is a not-for-profit organization dedicated to promoting safety, rider education, brotherhood, and freedom for all motorcyclists. FORR® membership is made up of motorcyclists from all walks of life, who ride all types of motorcycles and with all sorts of interests. Whether your interests center around legislative activities, motorcycle shows, or motorcycle rallies, FORR® has something to offer to you. You could belong to one of the largest motorcycling related organizations in the State of Missouri, with Local affiliates throughout the State. FORR® is different from most motorcycle organizations in that persons who ride ANY motorcycle or who support our freedom to ride without riding themselves can join. So regardless of whether you ride a Honda or Harley, a moped, dirt bike or an automobile, if you love motorcycling or would like to support the right to ride, you belong in Freedom of Road Riders®.
